PRESERVING PARADISE

REDUCE, RECYCLE, REUSE AT CLUB HIMALAYA BY ACE HOTELS

WELCOME TO CLUB HIMALAYA BY ACE HOTELS!

Club Himalaya by ACE Hotels, established in 1995, has remained steadfast in its dedication to **preserving** the pristine **paradise** that surrounds it. Through ongoing efforts, we have transformed the once barren hill on which it stands into a thriving oasis of lush greenery, ensuring its **preservation for generations** to come.

We believe in not just offering exceptional hospitality but also in our responsibility towards the environment. Our **commitment** to sustainability is deeply ingrained in every aspect of our operations. As part of our initiative to Reduce, Recycle, and Reuse, we invite you to join us in our journey towards a **greener future**.

REDUCE

WATER CONSERVATION

Through the installation of water-saving fixtures and regular maintenance, we strive to minimize water wastage. Guests are encouraged to join us in our efforts by choosing to reuse towels and linens during their stay.

REDUCE

SINGLE-USE PLASTIC REDUCTION

We are committed to reducing single-use plastics in our operations. Our amenities are provided in refillable containers, and we are in the process to offer reusable glass bottles.

REDUCE

OPT-OUT CLEANING PROGRAM

Guests can choose to skip daily housekeeping to conserve resources and reduce environmental impact. Join us in fostering a greener future for all.

REDUCE

ENERGY EFFICIENCY

Through key-controlled electrics and judicious lighting, we minimize energy usage, even in amenities like jacuzzis.

REDUCE

LOCALLY SOURCED INGREDIENTS

We take pride in sourcing the freshest ingredients from local farmers and producers. By choosing locally sourced produce, we reduce the carbon footprint associated with transportation while supporting our community's agricultural economy. Also, enjoy fresh herbs grown on-site, adding flavor to our dishes while minimizing the need for packaging and transportation.

REDUCE

FOOD WASTAGE

Our hotel promotes sustainable operations by actively managing food wastage. Through careful portion control, menu planning, and donation of surplus food to local charities, we minimize our environmental footprint while supporting our community.

WASTE MANAGEMENT

We have implemented a comprehensive waste management system to segregate and recycle waste effectively. We have designated recycling bins in the hotel to dispose of recyclable materials such as paper, plastic, glass, and aluminum.

FARM-TO-TABLE

Our sustainability commitment extends to sourcing locally and reducing food waste. We support nearby farms by providing food waste for their livestock and source pork, eggs, chicken, vegetables, and honey directly from them.

THE STEPS IN THE CYCLE INCLUDE

LOCAL FARMS

- Organic & local produce
- Sustainable logistics

HOTEL PROCUREMENT

- Receiving fresh and local ingredients

GUEST CONSUMPTION

- Fresh, local meals served to guests

HOTEL FOOD WASTE MANAGEMENT

- Managing and sorting food waste

RECYCLING BACK TO FARMS

- Sorted food waste returned to local farms

CENTRAL CONCEPT

- Farm to Table

LOCAL FARMS

GUEST CONSUMPTION

HOTEL FOOD WASTE MANAGEMENT

LOCAL FARMS

RECYCLE

WATER SAVING

Our water-saving initiatives include rainwater harvesting; the water is recycled via gravity system and is used for our onsite herb garden.

REUSE:

LINENS AND TOWELS

To reduce the environmental impact of laundry, we offer guests the option to reuse towels and linens during their stay. By simply indicating their preference, guests can help us conserve water and energy.

UPCYCLED DÉCOR

Our hotel features stylish décor elements crafted from upcycled materials, adding a unique charm to our ambiance while reducing waste. From furniture to art pieces, every item tells a story of sustainability and creativity.

COMMUNITY ENGAGEMENT

We actively engage with local communities to donate gently used items such as furniture, linens, and electronics, extending the lifespan of these items and supporting those in need. For instance, the hotel actively supported relief efforts during the 2015 earthquake and the COVID-19 pandemic.

SUSTAINABLE STAY

JOIN US IN MAKING A DIFFERENCE!

At Club Himalaya by ACE Hotels, sustainability is not just a concept; it's a way of life. By choosing to stay with us, you are not only experiencing exceptional hospitality but also contributing to a more sustainable future. Together, let's reduce, recycle, and reuse for a greener tomorrow.
